## Education

|                |                                                                                                                                                            |
|----------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2021 - TO DATE | <b>THE UNIVERSITY OF BRITISH COLUMBIA</b> - FACULTY OF SCIENCE<br>PhD in Bioinformatics (fast track)    Grade Average: 95.9/100                            |
| 2016 - 2021    | <b>UNIVERSIDAD NACIONAL AUTÓNOMA DE MÉXICO (UNAM)</b> - FACULTY OF SCIENCE<br>B.Sc. in Biology    Grade Average: 9.85/10 (3rd highest GPA in 2021's class) |
| 2019           | <b>KING'S COLLEGE LONDON</b> - FACULTY OF LIFE SCIENCES & MEDICINE<br>Study Abroad (Exchange)    Grade Average: 73.5 (First-Class Honors)                  |

## Professional Development

|         |                                                                                                                  |
|---------|------------------------------------------------------------------------------------------------------------------|
| 2024-25 | <b>ROPENSCI CHAMPIONS PROGRAM.</b> <a href="#">ROPENSCI</a> (1 YEAR).                                            |
| 2024    | <b>CARPENTRIES DATA SCIENCE AND CODING INSTRUCTOR CERTIFICATION.</b> <a href="#">THE CARPENTRIES</a> (16 HOURS). |
| 2021    | <b>DATA SCIENCE CERTIFICATE.</b> <a href="#">BEDU</a> (5 MONTHS).                                                |
| 2020    | <b>INTRODUCTION TO DATA ANALYSIS WITH PYTHON.</b> <a href="#">EMTECH TECHNOLOGIES INSTITUTE</a> (60 HOURS).      |

## Fellowships

|         |                                                                                                                                                            |
|---------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2023-27 | <b>4-YEAR PHD FELLOWSHIP</b> - ~99 200 CAD, UBC'S PREMIER PHD FELLOWSHIP                                                                                   |
| 2025    | <b>DR. MICHAEL SCHULZER MEMORIAL AWARD IN BIOSTATISTICS</b> - 2 000 CAD, FACULTY OF MEDICINE GRADUATE STUDENT AWARDS - THE UNIVERSITY OF BRITISH COLUMBIA. |
| 2023    | <b>BCCHR HEALTHY STARTS MASTER'S STUDENTSHIP</b> (ACCEPTED IN NAME) - 10 000 CAD, BCCHRI                                                                   |
| 2022    | <b>BANK OF MONTREAL GRADUATE FELLOWSHIP</b> - 3 200 CAD, THE UNIVERSITY OF BRITISH COLUMBIA                                                                |
| 2022    | <b>PATRICK DAVID CAMPBELL GRADUATE FELLOWSHIP</b> - 4 325 CAD, THE UNIVERSITY OF BRITISH COLUMBIA                                                          |
| 2022    | <b>GERTRUDE LANGRIDGE GRADUATE SCHOLARSHIP IN MEDICAL SCIENCES</b> - 8 475 CAD, THE UNIVERSITY OF BRITISH COLUMBIA                                         |
| 2022    | <b>"SOCIETY TO CELL" CLYDE HERTZMAN MEMORIAL FELLOWSHIP</b> - 13 000 CAD, SOCIAL EXPOSOME CLUSTER                                                          |
| 2021    | <b>GRADUATE GLOBALINK FELLOWSHIP</b> - 15 000 CAD, MITACS                                                                                                  |
| 2020    | <b>SANTANDER TECH FELLOWSHIP</b> - 30 000 MXN, SANTANDER                                                                                                   |
| 2018-20 | <b>ACADEMIC EXCELLENCE SCHOLARSHIP</b> - 36 000 MXN, FUNDACION TELMEX                                                                                      |
| 2017-19 | <b>EXCELLENCE FELLOWSHIP FOR UNDERGRADUATE STUDENTS</b> - 54 000 MXN, MEXICAN ACADEMY OF SCIENCES                                                          |
| 2019    | <b>EXCELLENCE BECALOS FELLOWSHIP</b> - 45 000 MXN, ORGANIZACIÓN BECALOS                                                                                    |
| 2019    | <b>INTERNATIONAL STUDENT MOBILITY FELLOWSHIP</b> - 95 000 MXN, UNIVERSIDAD NACIONAL AUTONOMA DE MEXICO                                                     |
| 2019    | <b>GLOBALINK RESEARCH INTERNSHIP FELLOWSHIP</b> - 7 500 CAD, MITACS                                                                                        |
| 2018    | <b>KUPCINET-GETZ INTERNATIONAL SUMMER SCHOOL FELLOWSHIP</b> - WEIZMANN INSTITUTE OF SCIENCE                                                                |
| 2017    | <b>SUMMER SCIENTIFIC RESEARCH (VIC) FELLOWSHIP</b> - MEXICAN ACADEMY OF SCIENCES                                                                           |

## Awards

|      |                                                                                                                       |
|------|-----------------------------------------------------------------------------------------------------------------------|
| 2026 | <b>BEST POSTER AWARD</b> - 500 CAD, HEALTHY STARTS RESEARCH DAY. BC CHILDREN'S RESEARCH INSTITUTE, VANCOUVER, CANADA. |
|------|-----------------------------------------------------------------------------------------------------------------------|

- 2025 **BEST POSTER AWARD** - JOINT 33RD CONFERENCE ON INTELLIGENT SYSTEMS FOR MOLECULAR BIOLOGY & 24TH EUROPEAN CONFERENCE ON COMPUTATIONAL BIOLOGY. REGULATORY AND SYSTEMS GENOMICS TRACK. LIVERPOOL, UK.
- 2025 **SOCIAL IMPACT GRANT FOR YOUTH** - 4 500 CAD, [LATINCOUVER](#)
- 2025 **STUDENT SYMPOSIUM (SECOND PLACE)** - 200 CAD, 14TH BIG RESEARCH DAY. VANCOUVER, CANADA.
- 2024 **CONFERENCE TRAVEL AWARD** - INTERNATIONAL SOCIETY FOR COMPUTATIONAL BIOLOGY
- 2024 **BEST POSTER AWARD** - 150 CAD, UBC LIFE SCIENCES SYMPOSIUM 2024. VANCOUVER, CANADA.
- 2023 **BURSARY AWARD** - EPIGENOMICS OF COMMON DISEASES 2023 CONFERENCE. HINXTON, UK.
- 2023 **SPEED TALK COMPETITION (THIRD PLACE)** - 100 CAD, 12TH BIG RESEARCH DAY. VANCOUVER, CANADA.
- 2021 **UNAM BIOLOGY EXCELLENCE AWARD** - AWARD FOR OBTAINING THE 3RD HIGHEST CLASS' GRADE AVERAGE AT UNIVERSIDAD NACIONAL AUTONOMA DE MEXICO CLASS 2021 (BIOLOGY). MEXICO CITY, MEXICO.
- 2017 **BEST POSTER AWARD (FIRST PLACE)** - UNAM BIOCHEMISTRY COLLOQUIUM. MEXICO CITY, MEXICO
- 2016 **GOLD MEDAL, X IBERO-AMERICAN BIOLOGY OLYMPIAD (OIAB)**. BRASILIA, BRAZIL.
- 2016 **UNAM HIGH SCHOOL STUDENT AWARD IN SCIENTIFIC RESEARCH**. MEXICO CITY, MEXICO.
- 2016 **THIRD PLACE, ITESM XXI INTERNATIONAL SCIENCE CONTEST (CIC)**. MONTERREY, MEXICO.
- 2016 **GOLD MEDAL, XXV NATIONAL BIOLOGY OLYMPIAD**. VERACRUZ, MEXICO.

## Presentations

### ORAL PRESENTATIONS

**Navarro-Delgado, El.** (2025). *Dissecting single, additive and interactive gene-environment contributions in variably methylated regions in birth tissues*. Presented at the Centre for Molecular Medicine and Therapeutics Research Day 2025. BC Children's Research Institute, Vancouver, Canada.

**Navarro-Delgado, El.** (2025). A reproducible framework for dissecting individual, additive and interactive gene-environment contributions in genomic regions with variable DNA methylation. Presented at the joint 33rd international conference on Intelligent Systems for Molecular Biology and 24th European Conference on Computational Biology. Liverpool, UK.

**Navarro-Delgado, El.** (2025). *The foundation of the methylome: dissecting the contribution of genetics and the prenatal exposome to placental and cord blood DNA methylation*. Presented at the Centre or Molecular Medicine and Therapeutics Seminar series. BC Children's Research Institute, Vancouver, Canada.

**Navarro-Delgado, El.** (2025). *The foundation of the DNA methylome: dissecting gene-environment contributions in vital fetal tissues*. Presented at the 14th BIG research day. UBC Life Sciences Institute, Vancouver, Canada.

**Navarro-Delgado, El.** (2024). *Análisis multi-ómico con RAMEN: identificando interacciones gen-ambiente en la metilación del ADN*. Presented at the LatinR 2024: Latin-American conference about the use of R in R&D conference. Virtual venue.

**Navarro-Delgado, El.** (2024). *Multi-omic analysis with RAMEN: Untangling gene-environment contributions to DNA methylation variability in cord blood*. Presented at the ISCB-Latin America SolBio CCBCOL International Conference on Bioinformatics 2024. CES University, Medellin, Colombia.

**Navarro-Delgado, El.**, Shen, N (2024). *Making sense of the epigenome: Developing tools to identify DNA methylation variability*. Presented at the Centre for Molecular Medicine and Therapeutics Research Day 2024. BC Children's Research Institute, Vancouver, Canada.

**Navarro-Delgado, El.** (2024). *Modelling the genome-exposome contribution to newborn methylome variability with the RAMEN package*. Presented at the 13th BIG research day. UBC Life Sciences Institute, Vancouver, Canada.

**Navarro-Delgado, El.** (2023). *Modelling the genome and prenatal exposome contribution to newborn DNA methylome variability with the RAMEN package*. Presented at the Epigenomics of Common Diseases 2023 conference. Wellcome Genome Campus, Hinxton, UK.

**Navarro-Delgado, El.** (2023). *Modelling the genome and prenatal exposome contribution to newborn DNA methylome variability with the RAMEN package*. Presented at the Vancouver Bioinformatics Users Group meeting. Simon Fraser University, Burnaby, Canada.

**Navarro-Delgado, El.** (2023). *Genetics vs environment? Modelling their contribution to DNA methylome variability in newborns*. Presented at the Centre or Molecular Medicine and Therapeutics Seminar series. BC Children's Research Institute, Vancouver, Canada.

**Navarro-Delgado, El.** (2023). *Nature vs Nurture: understanding the influence of genetics and environment on DNA methylation*. Presented at the Vancouver Bioinformatics Users Group Lay-term talks competition. Langara College, Vancouver, Canada.

**Navarro-Delgado, El.** (2023). *Modelling the contribution of genetics and prenatal environment to DNA methylome variability with the RAMEN package*. Presented at the 12th BIG Research Day. UBC Life Sciences Institute, Vancouver, Canada.

**Navarro-Delgado, El.** (2020). *Identifying targetable epigenetic central players in SARS-CoV-2 infection with a systems biology approach*. Presented at the Mexican Interdisciplinary Network of Epigenomics (RIEM). Universidad Nacional Autónoma de Mexico, Mexico..

**Navarro-Delgado, El.** (2019). *Identifying the main biological mechanisms in asthma and food allergy: adapting ALLIGATOR to RNA-seq data*. Presented at the Summer Student Research Day. Robson Square, Vancouver, Canada.

**Navarro-Delgado, El.** (2018). *Use of senolytics as a therapeutic approach to prevent cancer development*. Presented at the Kupcinet-Getz International Summer School Colloquium. Weizmann Institute of Science.

#### POSTER PRESENTATIONS

**Navarro-Delgado, El;** Konwar, C; Merrill, SM; MacIsaac, JL; Liang, X; Zhao, Q; Mozhui, K; LeWinn, KZ; Bush, NR; Kobor, MS; Korthauer K. (2026). Shared exposures, unique insights: comparing gene-environment contributions to DNA methylome variability in cord blood and placenta. Presented at the Healthy Starts Research Day. BC Children's Research Institute, Vancouver, Canada.

**Navarro-Delgado, El;** Konwar, C; Merrill, SM; MacIsaac, JL; Liang, X; Zhao, Q; Mozhui, K; LeWinn, KZ; Bush, NR; Kobor, MS; Korthauer K. (2025). RAMEN: Dissecting single, additive and interactive gene-environment contributions in variably methylated regions. Presented at the joint 33rd international conference on Intelligent Systems for Molecular Biology & 24th European Conference on Computational Biology. Liverpool, UK.

**Navarro-Delgado, El;** Czamara, D; Edwards, K; Merrill, SM; Konwar, C; MacIsaac, JL; the CHILD study team, the PREDO study team; Turvey, SE; Korthauer, K; Kobor, MS (2024). RAMEN: *Modelling the genome-exposome contribution to newborn methylome variability*. Presented at the 2024 Life Sciences Institute Symposium. UBC Life Sciences Institute, Vancouver, Canada.

**Navarro-Delgado, El;** Czamara, D; Edwards, K; Merrill, SM; Konwar, C; MacIsaac, JL; the CHILD study team, the PREDO study team; Turvey, SE; Korthauer, K; Kobor, MS (2024). *Modelling the genome-exposome contribution to newborn methylome variability with the RAMEN package*. Presented at the 13th BIG research day. UBC Life Sciences Institute, Vancouver, Canada.

**Navarro-Delgado, El;** Edwards, K; Merrill, SM; Konwar, C; MacIsaac, JL; the CHILD study team, Turvey, SE; Korthauer, K; Kobor, MS (2024). *Genome-exposome contribution to newborn methylome variability modelling with the RAMEN package*. Presented at the 2024 Healthy Starts Research Day. BC Children's Research Institute, Vancouver, Canada.

**Navarro-Delgado, El;** Konwar, C; Edwards, K; Merrill, SM; MacIsaac, JL; Liang, X; Zhao, Q; Mozhiu, K; LeWinn, KZ; Bush, NR; the CHILD study team, the CANDLE study team; Korthauer, K; Kobor, MS (2023). *Modelling the contribution of genetics and prenatal environment to cord blood and placenta DNA methylation variability*.

Presented at the Centre for Molecular Medicine and Therapeutics Research Day. BC Children's Research Institute, Vancouver, Canada.

**Navarro-Delgado, EI;** Konwar, C; Edwards, K; Merrill, SM; MacIsaac, JL; Liang, X; Zhao, Q; Mozhiu, K; LeWinn, KZ; Bush, NR; the CHILD study team, the CANDLE study team; Korthauer, K; Kobor, MS (2023). *Modelling the contribution of genetics and prenatal environment to cord blood and placenta DNA methylation variability*. Presented at the 12th BIG research day. UBC Life Sciences Institute, Vancouver, Canada.

**Navarro-Delgado, EI;** Edwards, K; Merrill, SM; Konwar, C; MacIsaac, JL; the CHILD study team; Korthauer, K; Kobor, MS (2023). *Modelling the contribution of genetics and prenatal environment to newborn DNA methylation variability*. Presented at the 2023 Healthy Starts Research Day. BC Children's Research Institute, Vancouver, Canada.

## Invited talks

**Navarro-Delgado, EI.** (2025). Genomics meets exposomics: integrated analyses to understand population-level epigenomic differences. Keynote presented at the 2nd international congress EnviroEpiHealth[MX]. Benemerita Universidad Autonoma de Puebla, Puebla, Mexico.

**Navarro-Delgado, EI.** (2025). Gene-environment interactions: challenges and opportunities for precision medicine in the post-genomic era. Presented at the 2nd international congress EnviroEpiHealth[MX] pre-conference workshop. Benemérita Universidad Autónoma de Puebla, Puebla, Mexico.

**Navarro-Delgado, EI.** (2024). *Modelling the genome and prenatal exposome contribution to newborn DNA methylome variability with the RAMEN package*. Presented at the Genetics Seminar Series. Centre for Fertility and Health, Oslo, Norway.

## Software

- **RAMEN** : Regional Association of Methylome variability with the Exposome and geNome, an R package to model the genome and exposome contribution to methylome variability (<https://ericknavarro.github.io/RAMEN>).

## Research Experience

|                     |                                                                                                                                                                                                                                                                                                                                                                         |
